

PROPERTY DEVELOPER SHOW

REFURB | NEW BUILD | SELF BUILD

A Show by Developers for Developers

Digital Programme

Stoke-on-Trent
30th Jan 2024

Bet 365 Stadium,
Stanley Matthews Way,
Stoke-on-Trent
ST4 4EG

WELCOME TO THE SHOW

We are delighted to extend a warm welcome to all our esteemed guests, industry professionals, and enthusiasts who have joined us for this landmark event. Enjoy the first ever Show, as we embark on this exciting journey to showcase the best in property development.

At the Property Developer Show, we have curated an immersive experience tailored with you, the property developer, in mind. Our goal is to provide a comprehensive platform that covers a spectrum of services and solutions integral to the thriving property development industry. From innovative designs to cutting-edge technologies, and strategic partnerships to invaluable insights.

We invite you to explore the diverse range of exhibitors, engage in meaningful conversations, and discover the latest trends and advancements shaping the future of property development. The synergy of expertise, creativity, and industry knowledge awaits you.

As you navigate through the exhibition, take advantage of networking opportunities, participate in insightful discussions, and gain inspiration from the multitude of possibilities that lie ahead. Whether you are a seasoned professional or an aspiring developer, the Property Developer Show is your canvas to envision, connect, and transform your ideas into reality.

Once again, thank you for being a part of this historic occasion. Enjoy the show, absorb the wealth of knowledge, and let the spirit of innovation guide you as we collectively shape the future of property development in Stoke-on-Trent.

Welcome to a world of possibilities!

Warm Regards,

Scott Williams

HELP BUILD

CONSTRUCTION CONSULTANTS

With over 15 years in construction we can help you add value, save money and give you more time to do what you do best - BUILD! Contact us today to see how we can assist you with your property developing by outsourcing:

🏠 Procurement

Purchasing materials and labour at the correct rate can make or break your development. With our wealth of knowledge and strong networks outsourcing your purchasing to us will not only save you money but also free up your valuable time.

🏠 Estimating

Looking to see how much a development is going to cost? Need figures to secure funding? We don't use software to produce our estimations! We use our experience in the construction industry to provide realistic budgets for your projects! From small refurbishments to development sites. Starting from only £150 per estimate.

🏠 Project Management

We can manage your projects from start to finish, including project plans, materials, sub contractors, specification and liaising with clients. We have extensive experience in hands on project management in domestic and commercial settings.

📞 07533 468917

✉️ tony@helpbuild.co.uk

🌐 helpbuild.co.uk

Our Scope

Demolition ✓ Remediation ✓ Civil Engineering ✓ Highways ✓

We don't cut corners but we do cut costs, through our remediation strategies.

WE CAN

- Remediate **any** brown or blackfield site
- **Reuse or recycle** the majority of the **waste materials** in any demolition project
- Meet **every possible requirement** no matter the environmental sensitivity.

We provide Sustainable Solutions

We consider ourselves experts in consultation and site investigation, offering alternative approaches with our remediation and material management plans. We provide effective strategy with innovative solutions. We assist with site purchase or with preparation for planning discharge. We carry out Site Investigations, Pre Demolition Structural Assessments, Cost Plans and 3D Site Modelling including Volume Assessments.

Our Sustainability Pledge

We consistently avoid taking materials to landfill as much as we can. Recycling and reusing contaminated soils and obstructions to create stone to help the environment. We are proud in how our reuse, remediate and recycle strategy reduces unnecessary imports of new materials which in turn reduces carbon emissions, transports and contribution to local traffic.

We can offer:

- ✓ Design and build
- ✓ Site investigation
- ✓ Remediation Strategy
- ✓ Geotechnical, Environmental & Civil design
- ✓ Site 3D modelling and measurement
- ✓ Remediation Strategy Implementation Plan
- ✓ Construction Environmental Management Plan
- ✓ Materials Management Plan
